

## **I AM BECAUSE WE ARE!**

### **Membership Guide**

#### **The Club**

Orange Events, is a private club that aims to create events in many locations, with different themes adaptive to the member's visions.

We are inviting all kinds of artists, performers, craft creators, chefs, talkers, Venues, and hosts to join us. Within a framework of teamwork spirit, we will together plan and organize multicultural and multi- functional events.

In this present time, artists struggle to find a place where they can exhibit or perform as they're dependent on hotels, bars, galleries, taverns and it is only getting harder this year under the new regulations. We are aiming to create a new field for action free from painful commitments and deals, thus facilitating individuals to offer their strengths and inspirations without hindrance.

This club is not just open for artists and professionals, all are encouraged to join and bring any virtues or resources that can contribute to help organize events and benefit from the success of it. All are heartily welcome!

A share forum is maintained for the sharing and bartering of items and goods. Ideas for events and requests to other members or an exchange of resources. Announcements pertinent to our club and the general passing of information, anything with a positive and benevolent intention that may further the success of this community. The share forum is **not** for advertising or the selling of products.

Members will be given a free webpage, on which they can advertise and sell freely from their pages, preferably with prices and costs of services included.

The founder's aims are to create a platform of members with creative minds or abilities that feel there is a need for a change in the field of thinking and action within the current economic system. Membership costs nothing only good intentions and common respect. Working together with a common goal we will be able to secure sponsorship and contributions, conceive and materialize events to our mutual benefit.

## **How it works**

We ask that members of the club promote our events and we promote the theirs.

Members should place a banner with their logo on our website which will be linked to their website if they have one, or to a full web page on our website with detailed information about their projects with photos, prices, map, contact and more, for FREE. (we recommend both)

Members will be provided with a login access for relevant pages, allowing updating and the building of a profile and amendments at their own pace.

Members will be asked when possible or convenient to place the Orange Events logo at their physical place of work and on their websites, feeling proud to be part of this lovely concept. Additional, they will be asked to use their social media pages to promote our events when possible and vice versa.

Members proposals will be discussed with the founders and the central committee in order to decide how many and what kind participants-members are suitable to take part in an event. For example, we may need transportation, a spiritual talker, a kiosk with cosmetics, craft, etc. these would depended on the venue and on the atmospheric preferences of the people behind the main theme. Members will cover all personal expenses (food & drinks, setting up their kiosk, transportation etc.)

Then, there will be an announcement of the proposal on our Facebook group page (only for members) or/and it will be sent via email to the members with the project`s planned details of how many and what kind of resources we might need for the event. For example, filming, sound tech, and others.

Finally, we will create a Facebook event and website post which will be shared by the members. Members contributing only time and goodwill in support of an event will be enumerated.

This is a bright new, evolving way of working in Cyprus that can't be formatted without you and your ideas. We are now in a magic moment where we can all share ideas and contribute to this concept let's support each other!

***We are looking forward to sharing with you...***

***The team***
